

SECOND BROAD WATERSHED DAMS CONTRACTOR SPECIFICATION SHEET

Required Maintenance Activities will include:

1. Mow dams and spillways on 8 large structures and 11 small structures in northern Rutherford County and southern McDowell County. Total of approximately 66.4 acres. Mowing must occur and be completed during the month of August each year.
2. Apply approximately 300 lbs of fertilizer per acre to dams and spillway each year. Fertilizing must occur and be completed between February 25 and March 31 each year. Services required will include picking up the fertilizer and transporting the fertilizer to the structure sites. Watershed Commission will furnish the fertilizer.
3. Other maintenance items will include, but not be limited to, cleaning woody vegetation from the berm of the dams and around the outlet pipes. Some patch spraying will be needed to control briars and other woody vegetation on the structures. (The contractor will be responsible for proper licensing to apply restrictive herbicides). Seeding small bare areas, hauling and placing rock rip-rap and repairing access road erosion, and other maintenance activities may be required from time to time.

The contractor will assume any and all liability for all damages or claims for damage which occur during the performance of the services required herein. The contractor will agree to release and hold harmless the Rutherford County Watershed Commission and the County of Rutherford from any and all claims or damages resulting from the performance of the services required. The contractor will be responsible for providing any necessary insurance coverage's, including but not limited to worker's compensation insurance.

All proposal forms must be sealed and marked "Watershed Maintenance Bid" and must be completed and submitted to the Rutherford County Finance Office located at 289 N. Main Street, Rutherfordton, NC 28139 on or before July 15, 2015 at 10:00 am. A pre-bid meeting and tour is scheduled for July 7, 2015 at 9:00 am at the Rutherford County Watershed Commission. For more information please contact the Rutherford County Watershed Commission at 121 Laurel Drive, Rutherfordton, NC 28139 or Phone: (828) 287-4220 ext. 3.

The Rutherford County Watershed Commission reserves the right to reject any and all proposals received.
