MEMORANDUM

Date: March 27, 2013

To: Danny Searcy

From: David Odom

Re: Weekly Update on Grey Rock Activities

1. Project 6 grading is underway in a big way now. We do not anticipate any additional rock or undercutting. This project is proceeding very quickly.
2. Project 7 clearing has begun.
3. Project 8 is to be rebid on March 28.
4. Have received the erosion control permit for Project 4B.
5. Anticipate beginning construction on Project 3B in about two to three weeks. We will have a preconstruction meeting with NCDENR prior to beginning that project.
6. We received the final permit from the Army Corps for all Phase I stream impacts. The remainder will be paid for with Project 8.
