From: Lt. Greg Dotson

In an effort to reduce risk and exposure to our 911 **Call Takers** and **Telecommunicators** we ask that our law enforcement *officers* and *emergency responders* limit their visits to the 911 center at this time. Should an in-person visit be required-our staff will assist you from the "half-door" entry to the **Radio Room**.

This door will remain closed for the next two weeks.

Sheriff Patrol Officers have the ability to "print" incident reports direct to the 911printer. DCI entry confirmations will be faxed to the *Front Office* upon entry (this has been pre-arranged).

Our local **Police** agencies can FAX or EMAIL reports direct to us as well:

Please utilize one of the following resources:

Fax: 828-287-6157 Email: 911Supervisors@RutherfordCountyNC.gov

Please radio "Central" that an incident report has been sent via email or FAX for DCI entry

If it is necessary to hand-deliver an Incident report (Missing Person // time sensitive incidents etc.) and you are with a **POLICE** agency please include your **email address** so we return DCI confirmations, of-the-entry, direct to your work email. Otherwise, DCI confirmations will be FAXED to your Police Department.

We realize we are all *susceptible* to exposures in our travels to and from work and when conducting essential business around town. **Unfortunately, we must take every measure available to keep our staff as healthy as possible for the continuity of our entire operation.**

Should you have any questions, concerns, or issues please call me **direct at any time**.
